

KEEPING IT IN PERSPECTIVE

Keeping it in perspective is, quite possibly, the most important element in the business of raising beef. By keeping it in perspective, we can take advantage of advancing science and technology, use the latest genetic evaluation tools and produce cattle with form AND function. The result is an Angus or Sim-Angus bull or female with inherent profitability throughout the food chain.

Join us for our fall production sale.

Selling Approximately 100 Head
of Angus & Sim-Angus Females

Maplecrest
Rita 7088

Chris Mitchell

Maplecrest Rita 7088 • 16003406 • A perfect example of our "form and function" message--7088 has been very successful at all levels of competition in the show ring, but we expect her to perform even better in the pasture. Study her unique combination of phenotype and genetic data and we think you'll agree that she will be a great donor. Selling a pregnancy sired by GAR Progress.

Maplecrest Blackcap 6P564 • +15630443 • A GAR Plowman G270 daughter out of TC Total 410 that continues an impressive legacy. G270 was Lot 1 in our 2008 sale and sold for \$20,000. Her sister, Maplecrest Blackcap 489, earned the Lot 1 spot in our 2009 sale and another daughter was a top seller. 6P564 ranks in the top 1% of the breed with a +69.51 \$Beef. She currently ranks in the top 100 females in the Angus breed. Selling a daughter by Objective and a pregnancy sired by GAR Progress.

GAR 1i1 Rito 1566 • +15463720 • This female is a maternal sister to the record-selling GAR female, GAR Objective 2345. Selling a full sister pregnancy to the \$26,000 top-selling bred heifer at the 2010 GAR sale sired by GAR New Design 5050.

GAR 1407 New Design 1063 • +14506178 • Truly a feature of our 2010 sale, 1063 represents one of the most storied cow families in the history of Gardiner Angus Ranch. Her most recent accomplishment was a 1063 daughter that was the \$40,000 top-selling female at the recent Ogeechee-CAM Production Sale.
